

Reproduction Block Lectures
Midterm Lectures Are The Ones Highlighted.

Anatomy
1. Anatomy Of Female Reproductive System
2. Female Perineum
3. Pelvic Walls, Joins, Vessels & Nerves
4. Male Pelvic Organs
5. Female Breast
Biochemistry
1. Congenital Adrenal Hyperplasia Syndrome And Testis
2. Investigation Of Infertile Couple
3. Biochemical Markers Of Ovarian Cysts Cancer
Embryology
1. Development Of The Female Reproductive System
2. Development Of Male Reproductive Organs
3. Placenta
4. Fertilization & Implantation
5. Fetal Circulation
Family Medicine
1. Premarital Counseling And Tests
Histology
1. Histology Of The Female Reproductive System
2. Histology Of The Male Reproductive System
Human Genetics
1. Klinefelter And Turner Syndrome + Down's Syndrome
2. Genetics Of Breast + Ovarian Cancer
Immunology
1. AIDS
Microbiology
1. Candida Infection + Trichomonas Vaginalis, Bacterial Vaginosis
2. Syphilis + Gonorrhoea And Chlamydia
3. Transplacental Infection
4. AIDS

5. Herpes Simplex And Genital Warts
Obstetrics & Gynecology
1. Human Papilloma Virus
Pathology
1. Endometrial Hyperplasia, Uterine Cancer And Fibroids
2. Ovarian Cysts And Ovarian Tumours
3. Diseases Of The Epididymis And Testicular Tumours
4. Prostatic Hyperplasia And Cancer Prostate
5. Pathology Of Cervix
6. Pathology Of Trophoblastic Diseases
7. Endometriosis And Polycystic Ovarian Disease
8. Pathology Of Benign Breast Diseases
9. Breast Cancer
10. Systematic Manifestations Of AIDS
Pediatrics
1. Breast Feeding
Pharmacology
1. Drugs Used In Infertility
2. Medications Affecting Erectile Dysfunction
3. Teratogens And Drugs Of Abuse In Pregnancy
4. Tocolytics And Oxytocin
5. Oral And Other Forms Of Contraception
6. Drugs Inducing Ovulation
7. Hormonal Replacement Therapy
8. Drugs Affecting Breast Milk And Lactation
9. Drugs Used In Treatment Of Gonorrhoea And Syphilis
Physiology
1. Hypothalamic And Pituitary Gonadal Axis
2. Physiology Of Ovarian Cycle
3. Physiology Of Uterine Cycle
4. Physiology Of Androgens And Control Of Male Sexual Functions
5. Puberty In Males And Females
6. Physiology Of Pregnancy
7. Physiology Of Labor
8. Hormones Affecting Female Breast

Psychiatry

1. Psychological Behavioral Changes In Puberty
