Definition of Professionalism

Profession is an occupation whose core elements is work, based on the mastery of a complex body of knowledge and skills.

Oxford English Dictionary

- Profession is the conduct, aims, or qualities that characterize a person in a work setting or profession
- Professionalism "constituting those <u>attitude</u> and <u>behaviors</u> that serve to maintain patient interest above physician self-interest."

American Board of Internal Medicine

Professionalism is exhibited by one of the <u>professional</u> <u>character, spirit</u>, <u>methods</u> or the standing practice, or methods of a professional as distinguished from an amateur'.
American

College Dictionary

Definition, cont.

MEDICINE is a vocation in which a doctor's knowledge, clinical skills, and judgment are put in the service of protecting and restoring human well-being.

The purpose of definitions is to realize the partnership between a patient and doctor. It is based on mutual respect, individual responsibility and appropriate accountability.

The Holy Quran & Hadith

The holy Quran and Al-Hadith have stated that Muslims have duty to care for the sick and this often referred to "Medicine of Prophet".

According to the sayings of the Prophet Mohamed' peace be upon him' that 'Allah has sent a cure for aliment and that it was the duty of Muslim to care of the body and spirit.

This includes improving the quality of care and ensures access of healthcare to every body.

Why Professionalism Is Important?

There is a great increase in interest in developing medical professionalism of the students.

The ethical demands upon medical profession have increased due to changes in the traditional modes of health care delivery, increased complexity in the methods of reimbursement, and developing national trends toward managed care.

Why Professionalism Is Important? cont.

Most people desire to be treated by physicians who, in addition to being competent, care deeply about their patients.

 Professionalism and humanism sometimes confused as being synonymous.

 Professionalism is not only about being competent and skillful but also behaving in an ethical way.

Professionalism In Medicine

Professionalism embodies <u>the relationship between medicine</u> and society as it forms the basis of patient –physician trust. It attempts to make tangible certain attitudes, behaviors, and characteristics that are desirable among the medical profession.

University of Ottawa, 2012

Medical professionalism is the 'heart and soul of medicine.'
more than adherence to a set of medical ethics, it is the
daily expression of what originally attracted them to the field
–a desire to help people and to help society as a whole by
providing quality health care.

Advancing medical professionalism to improve health care. ABIM Foundation, 2013
