

Differentiating between the Types of Shock

SHOCK	CO (Cardiac Output)	SVR (systemic vascular resistance)	PCWP/LVEDV	MVO ₂ (mixed venous o ₂ saturation)
Cardiogenic	Decreased	Elevated	Elevated	Decreased
Obstructive	Decreased	Elevated	Elevated	Decreased
Hypovolemic	Decreased	Elevated	Decreased	Decreased
Neurogenic (low HR)	Decreased	Decreased	-	Decreased
Septic	Increased but decreased in later stages	Decreased	Decreased	Elevated
Anaphylactic	Elevated	Decreased	Decreased	Elevated
