

Eye and systematic diseases

Prof: Aboalasar

Diabetes mellitus

(macular edema) Hard exudate and
microaneurysm

Hard exudate

Hard exudate

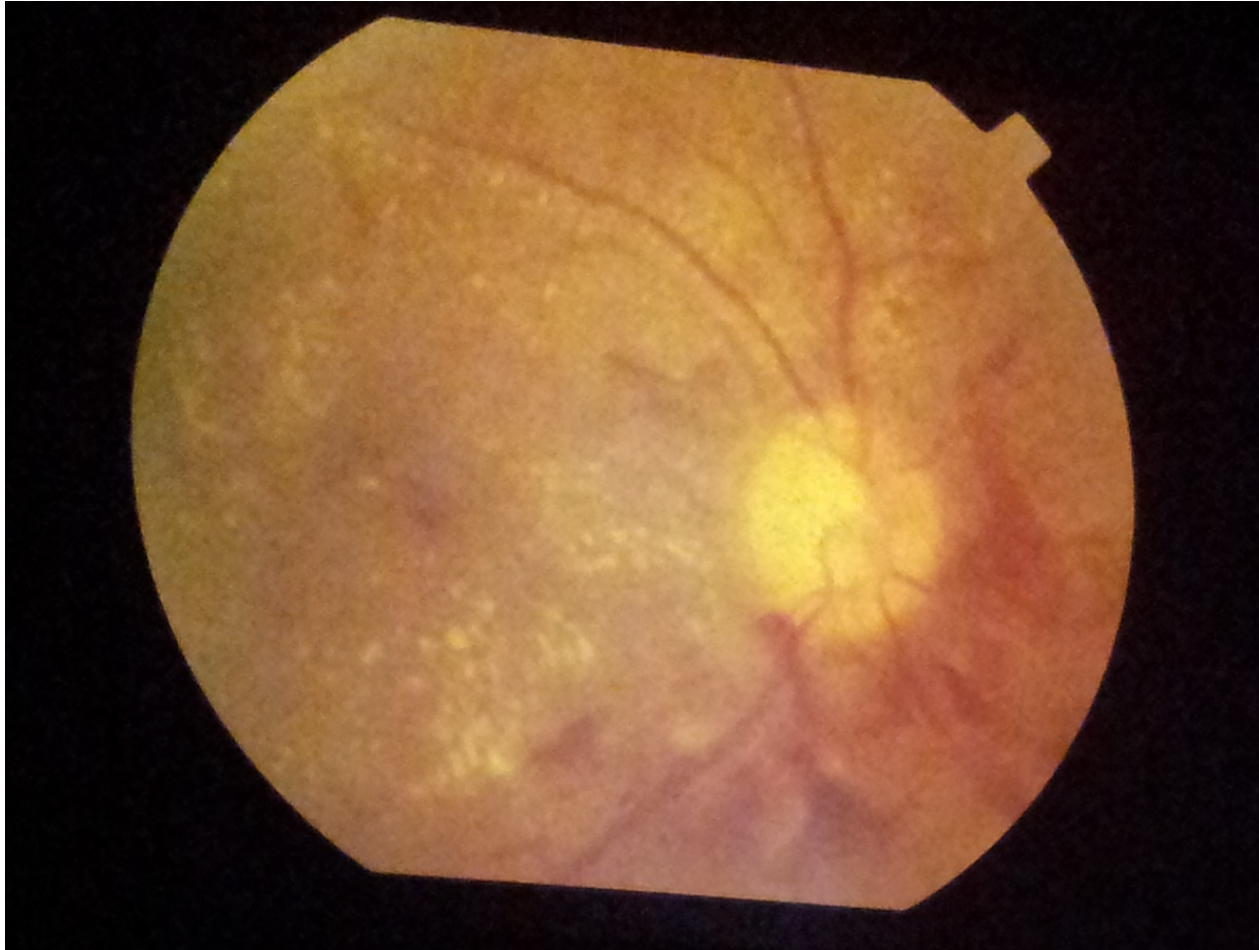

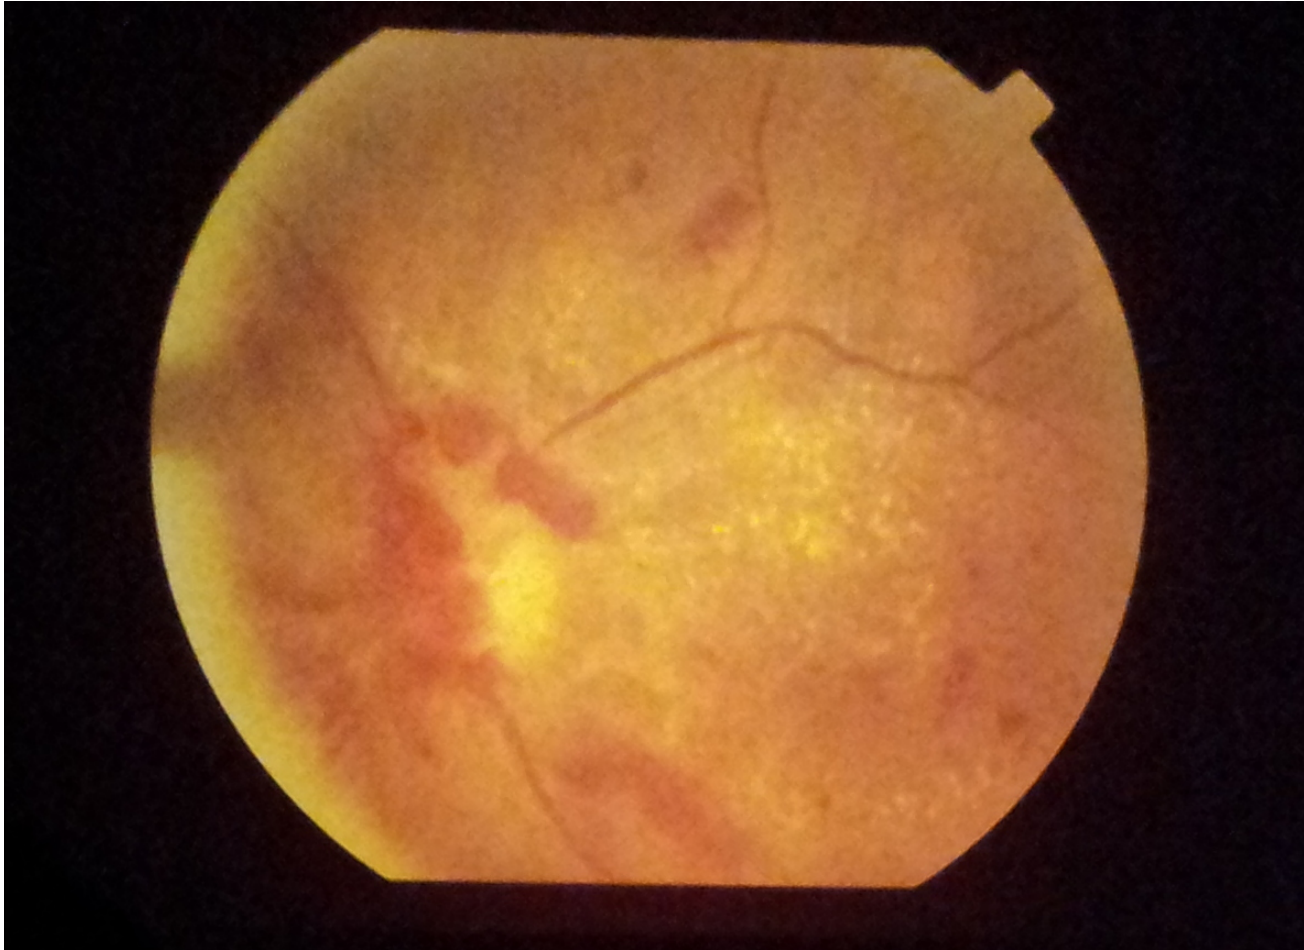

Hard exudate

Cotton wool spot

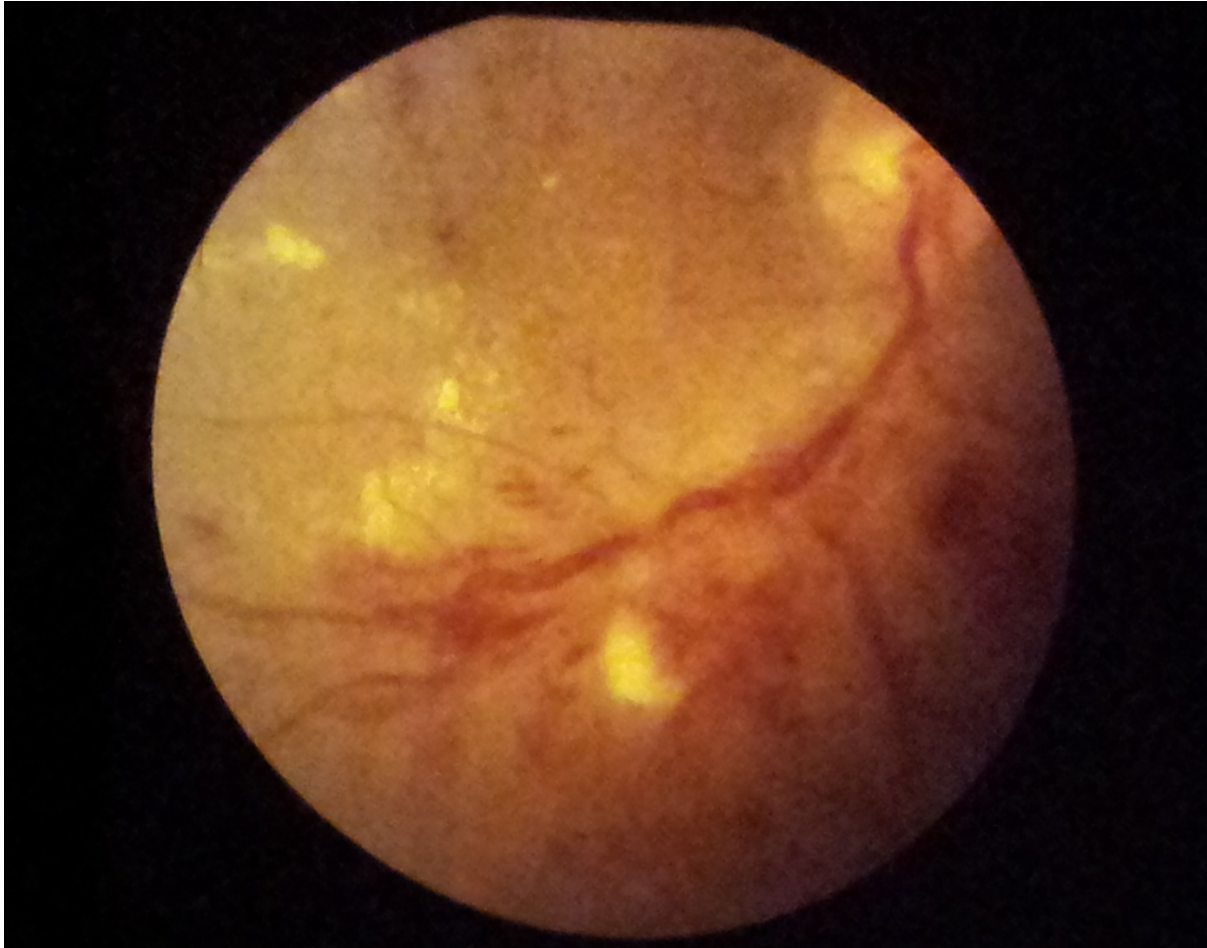

VENOUS LOOPING

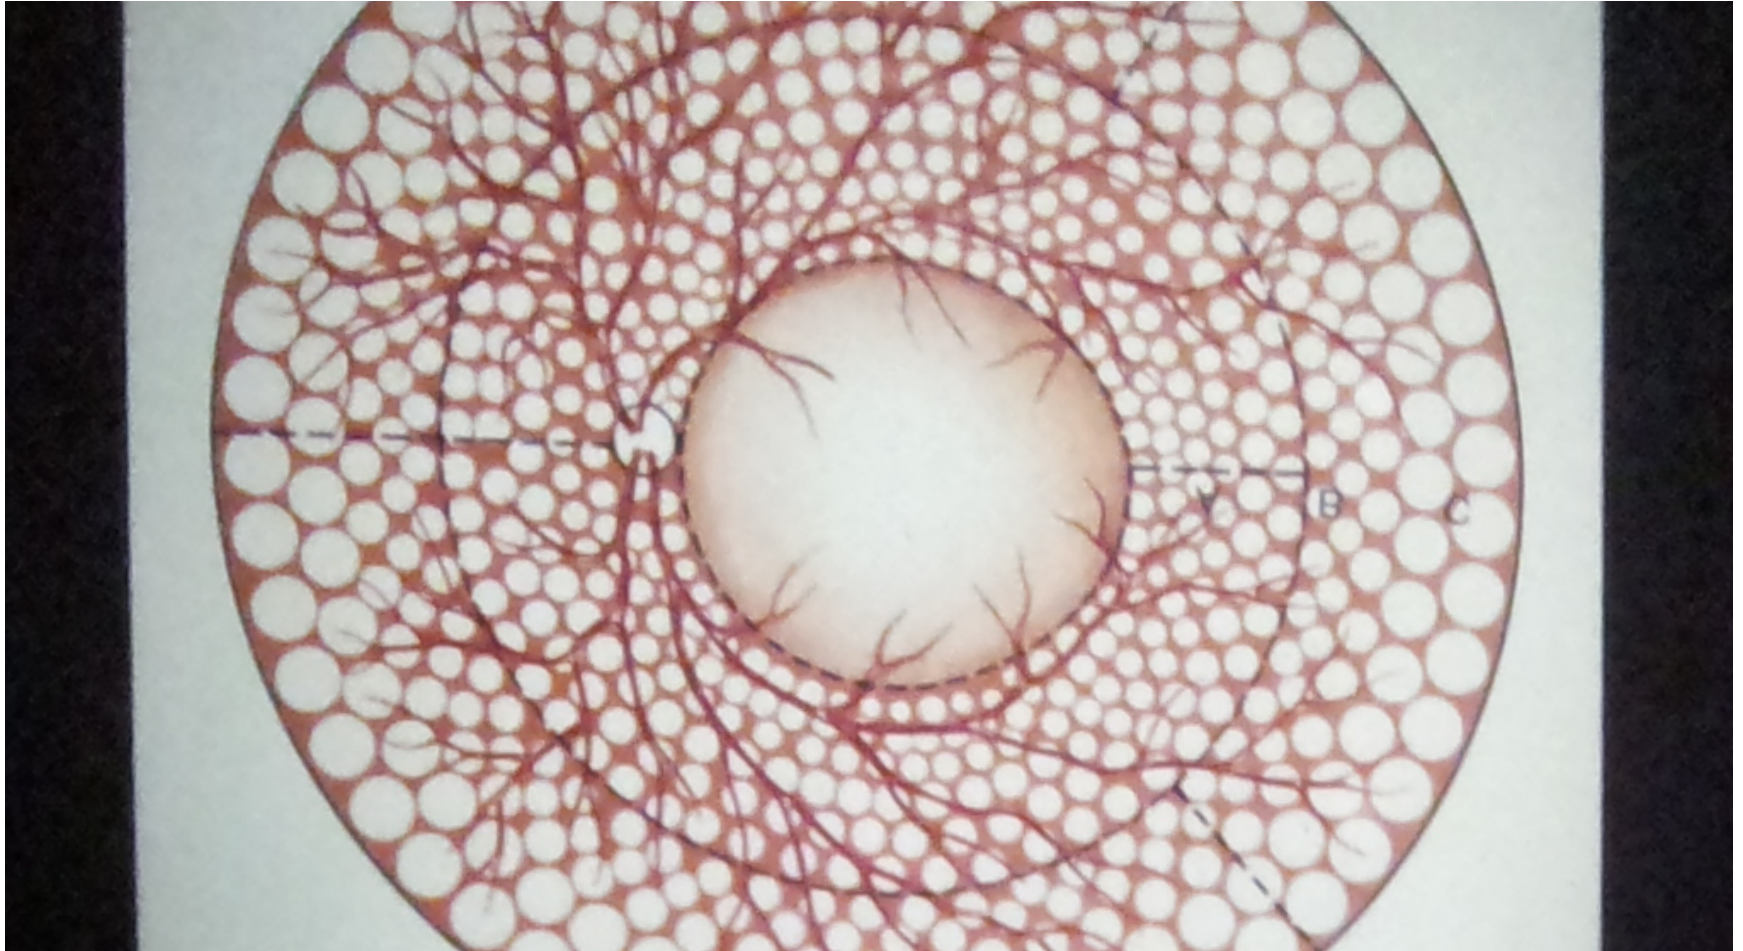

Hard exudate + cotton wool spot + venous looping +
venous beading

Pan retinal photocoagulation

Pan retinal photocoagulation

Rubeosis iridis

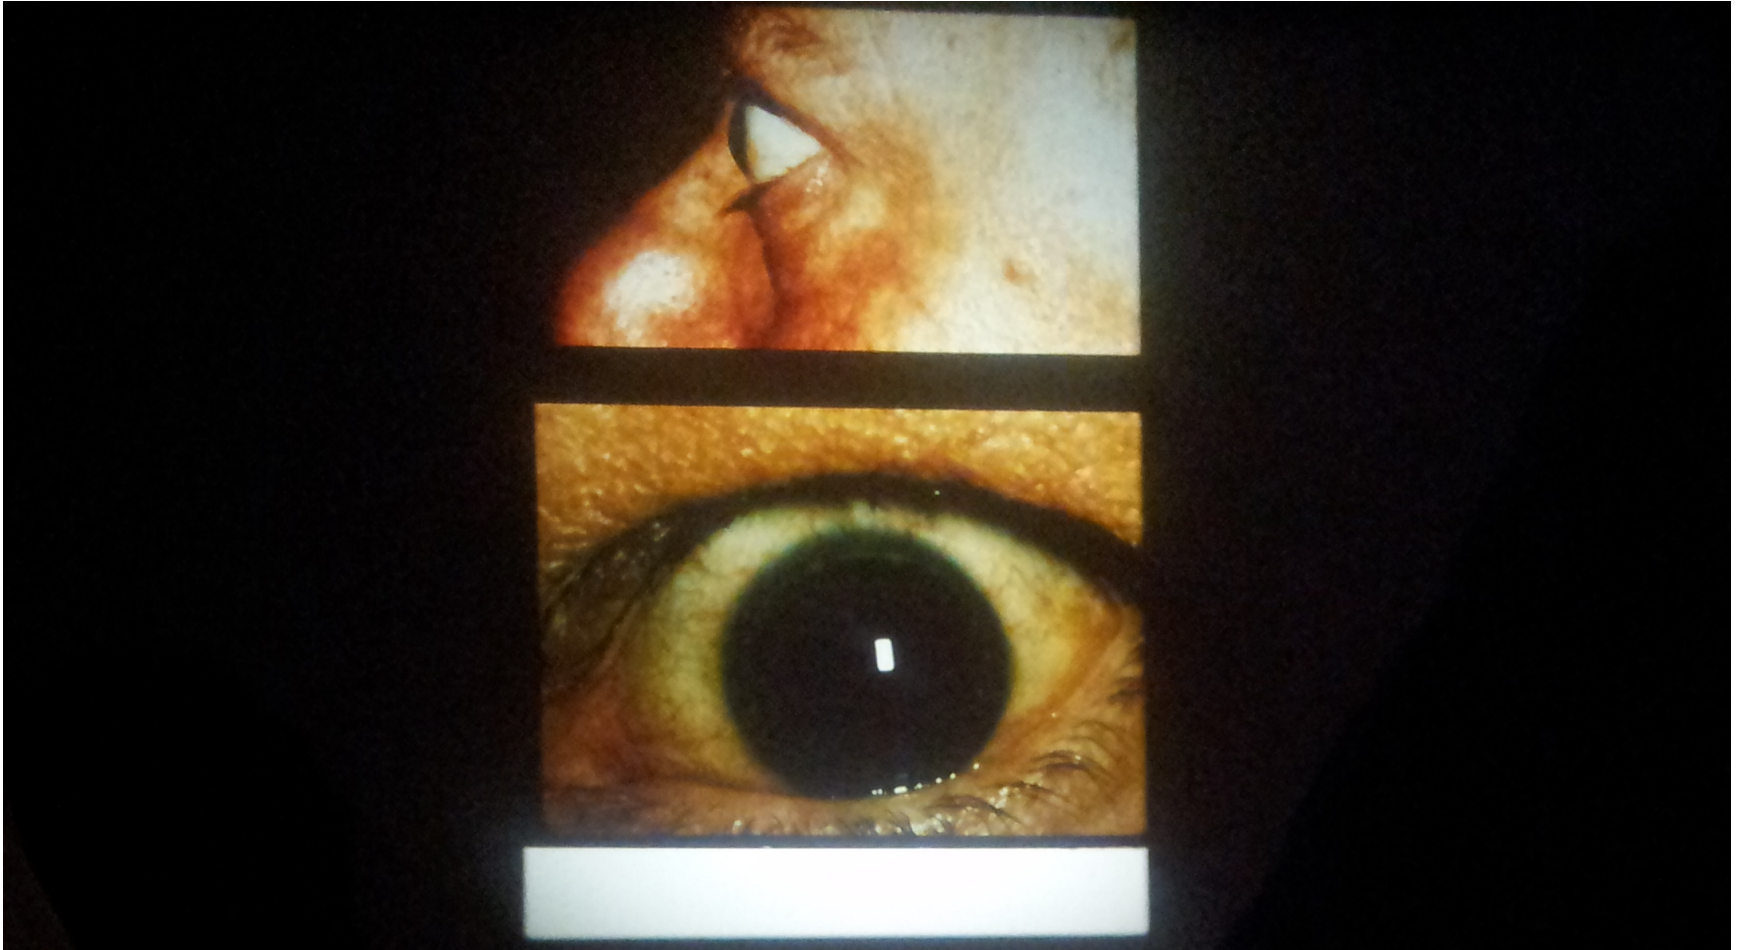

GRAVIS

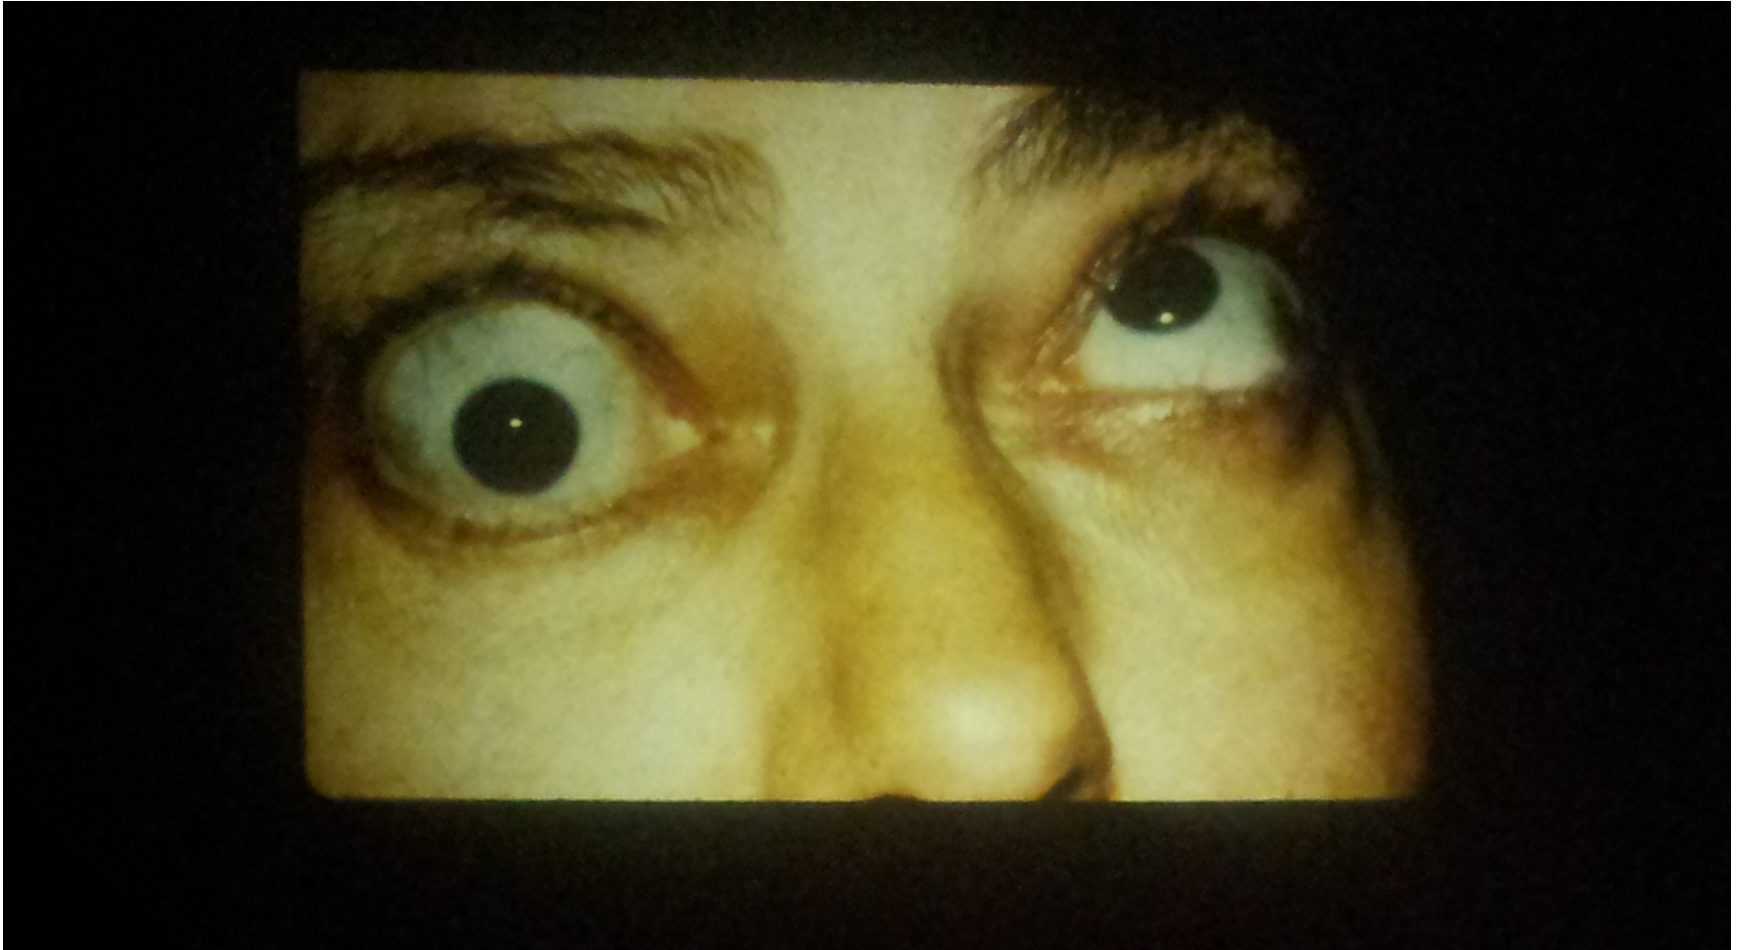

Proptosis and lid retraction

Proptosis and lid retraction

Restrictive thyroid myopathy

exophthalmometry

TB

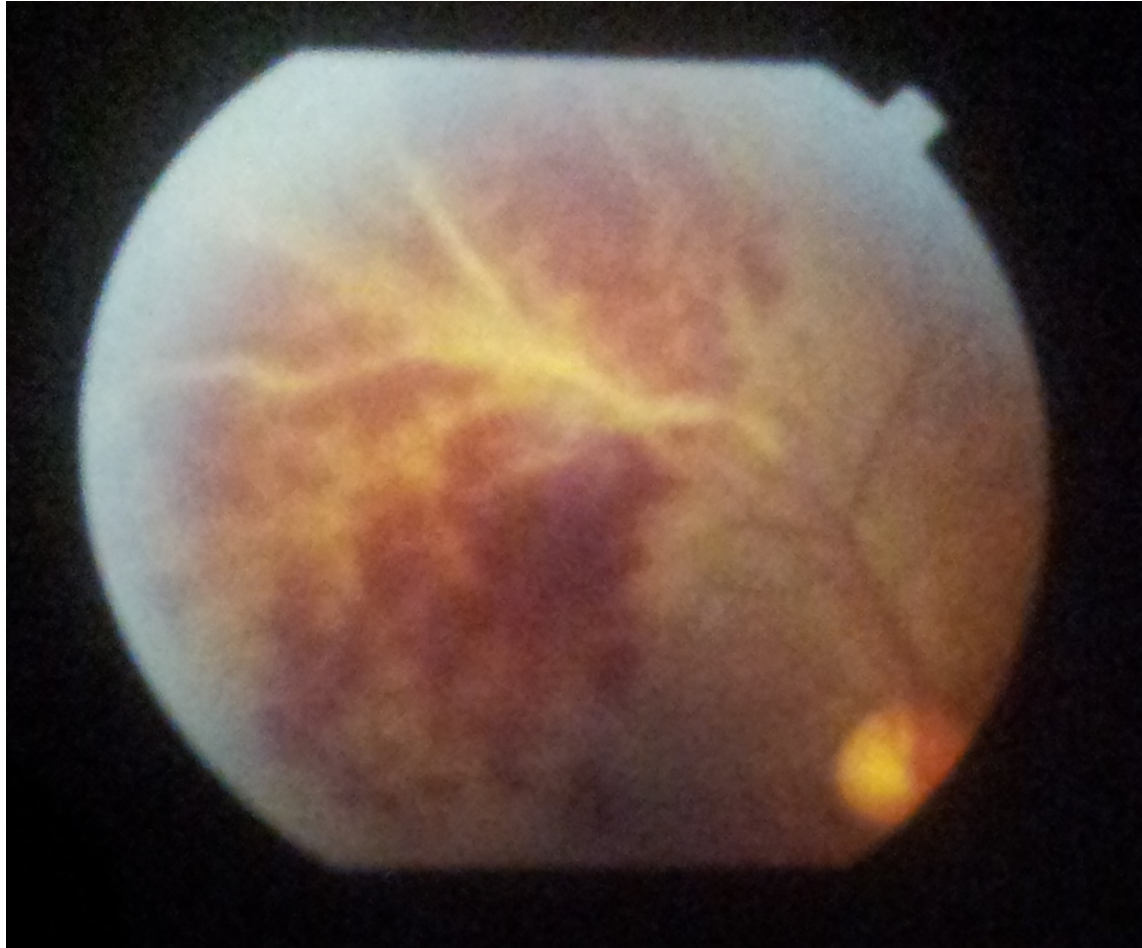

Granuloma in TB

retinal vasculitis

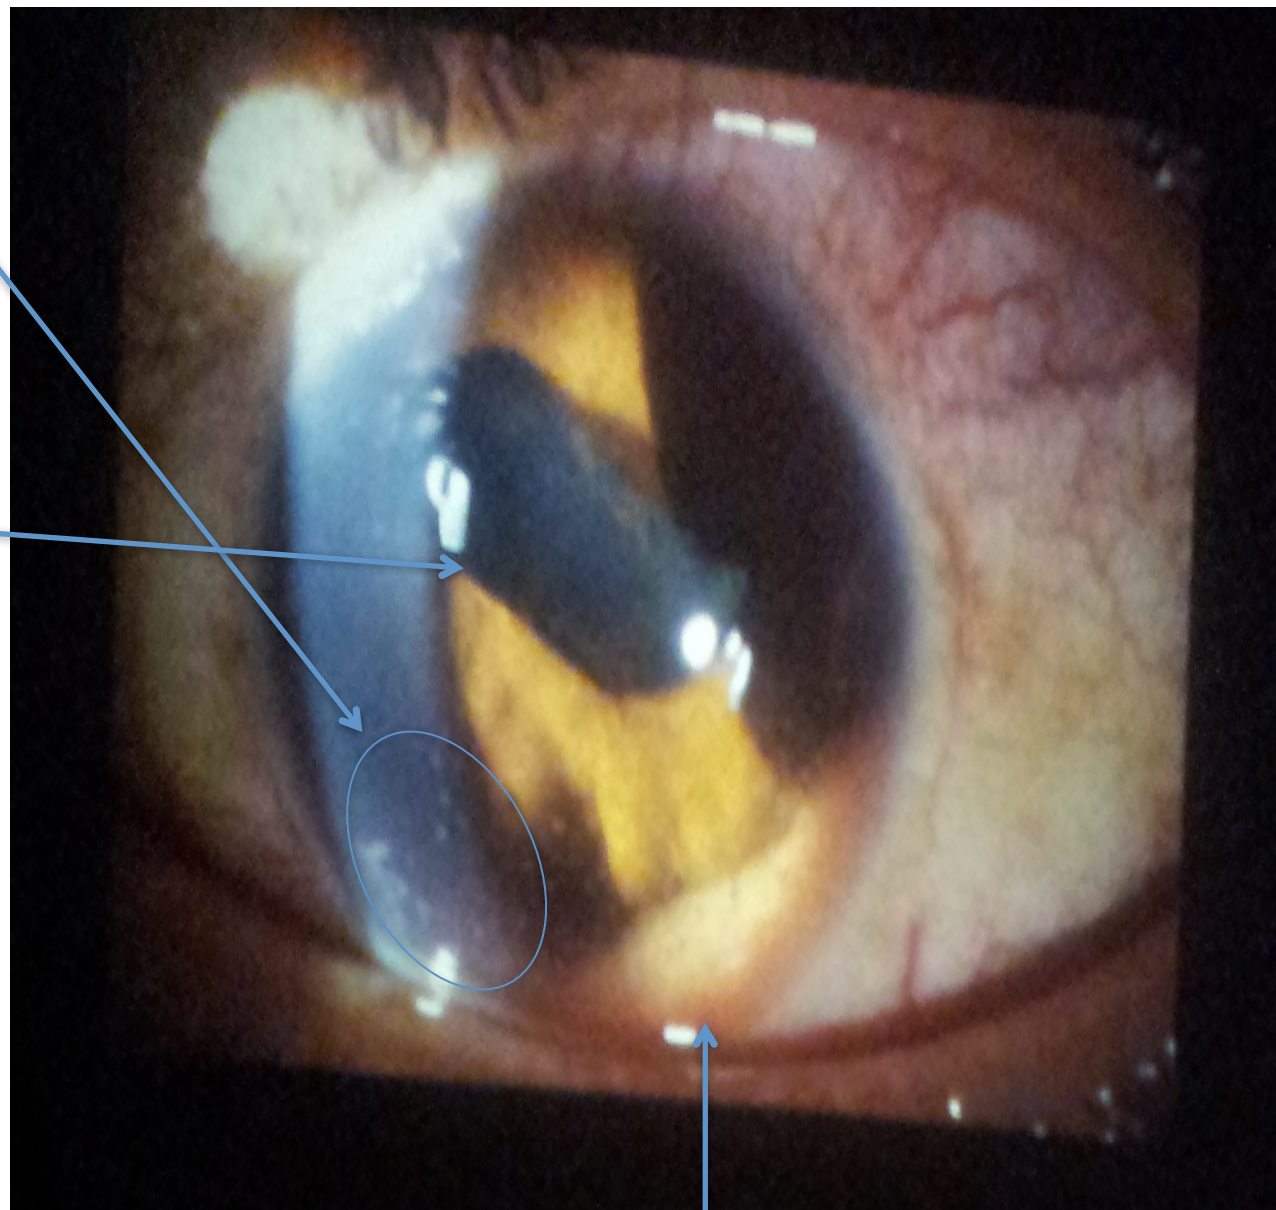

Sever retinal vasculitis

SARCOIDOSIS

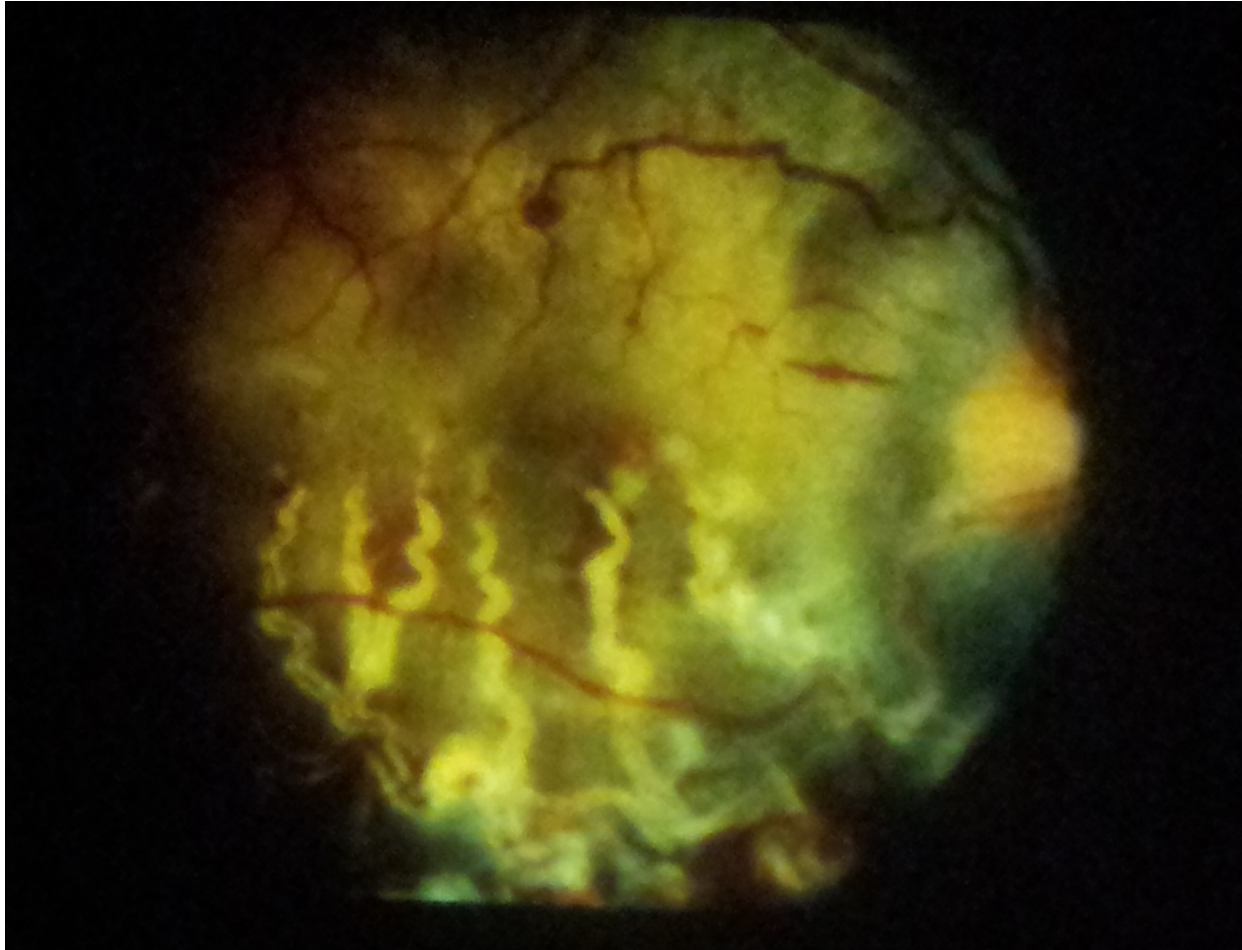

Mutton fat keratic
precipitate

Posterior synechia

Granulomas

Sever vasculitis in sarcoidosis

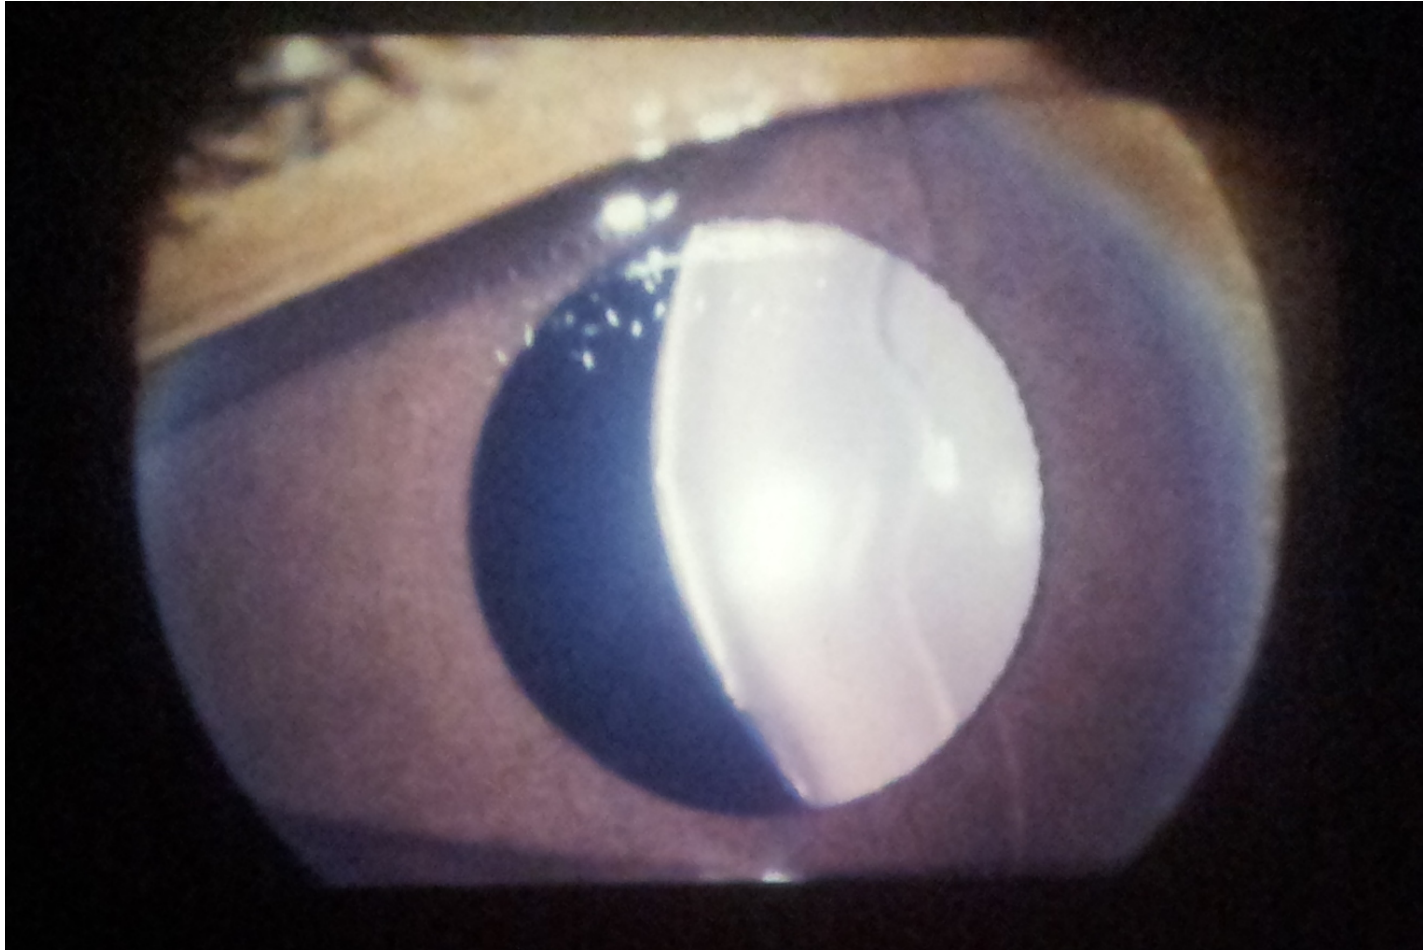

MARFAN'S DISEASE

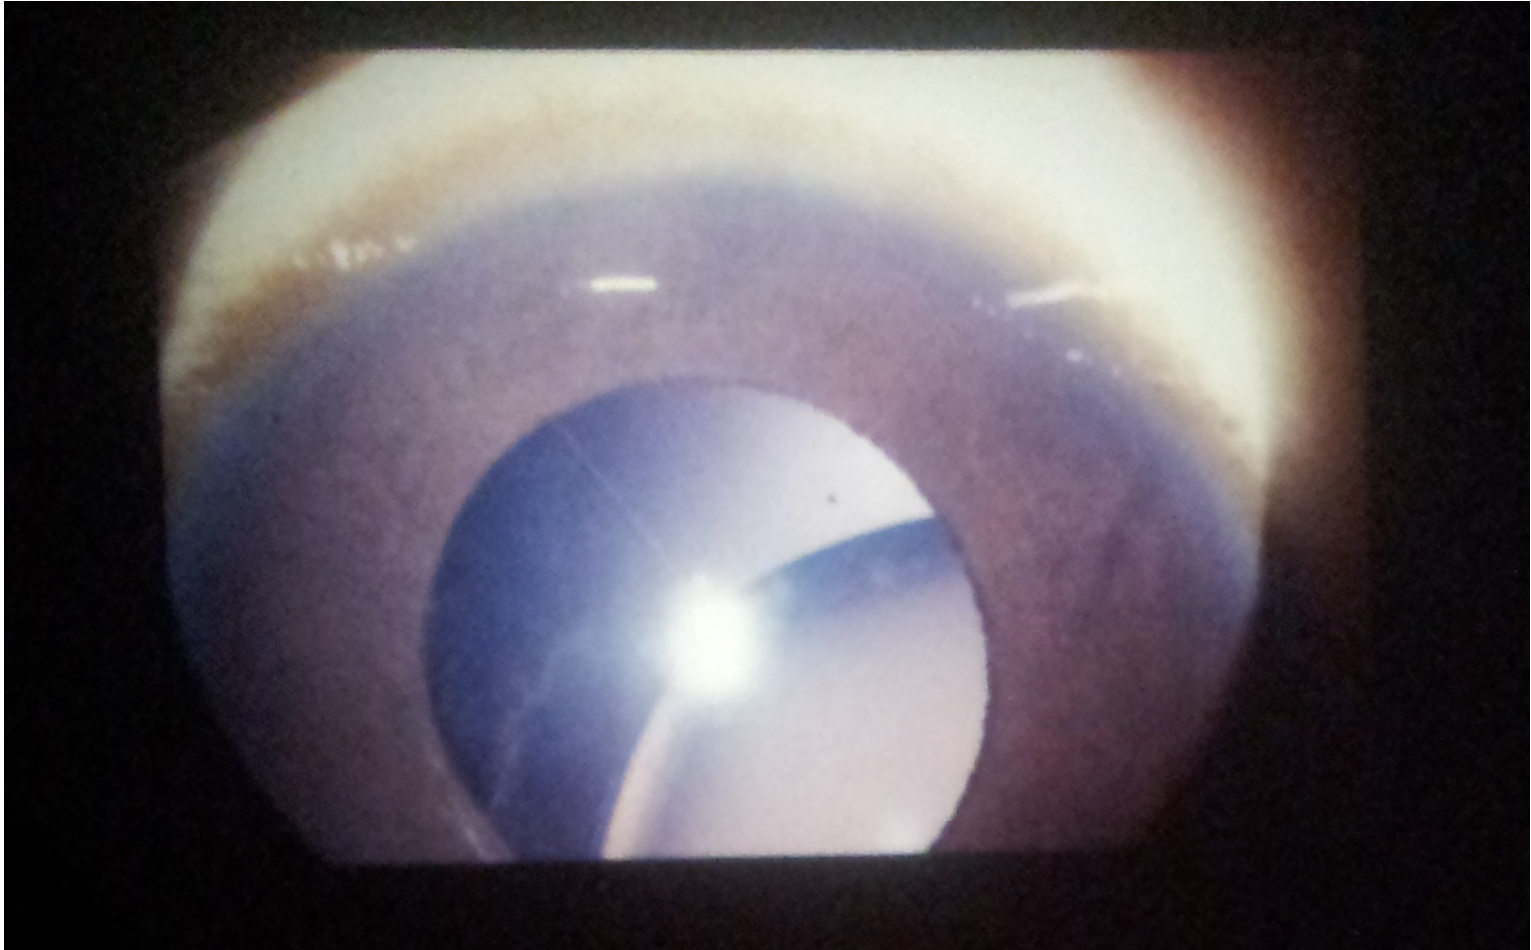

Skeletal abnormality

Subluxated lens in marfan's

Subluxated lens in marfan's

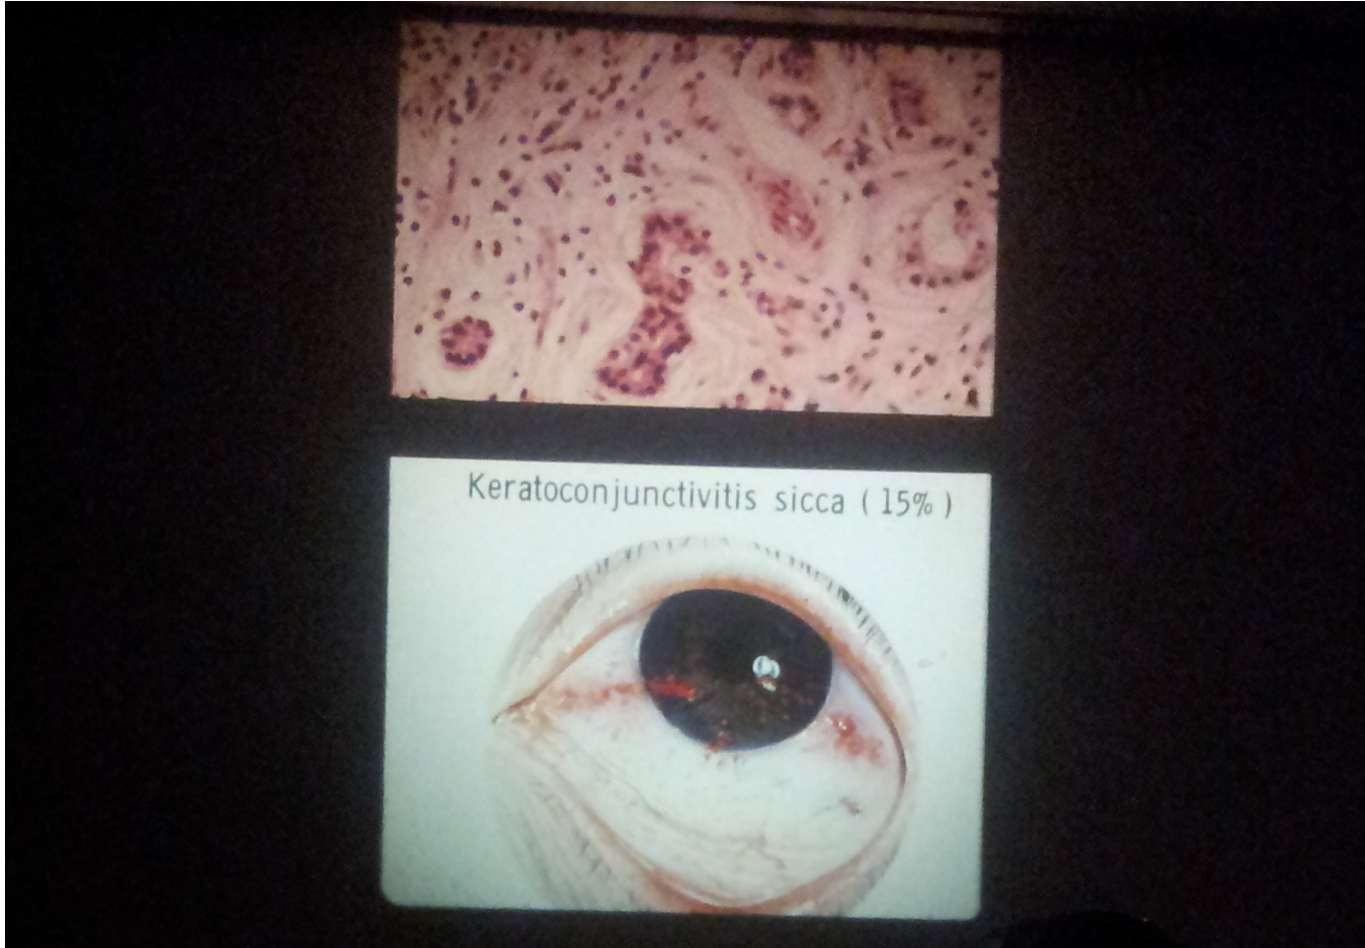

SLE

Large infarcted area due to occluded

RHOMATOID ARTHRITIS

Rose bengal stain in KCS

JUVENILE CHRONIC ARTHRITIS

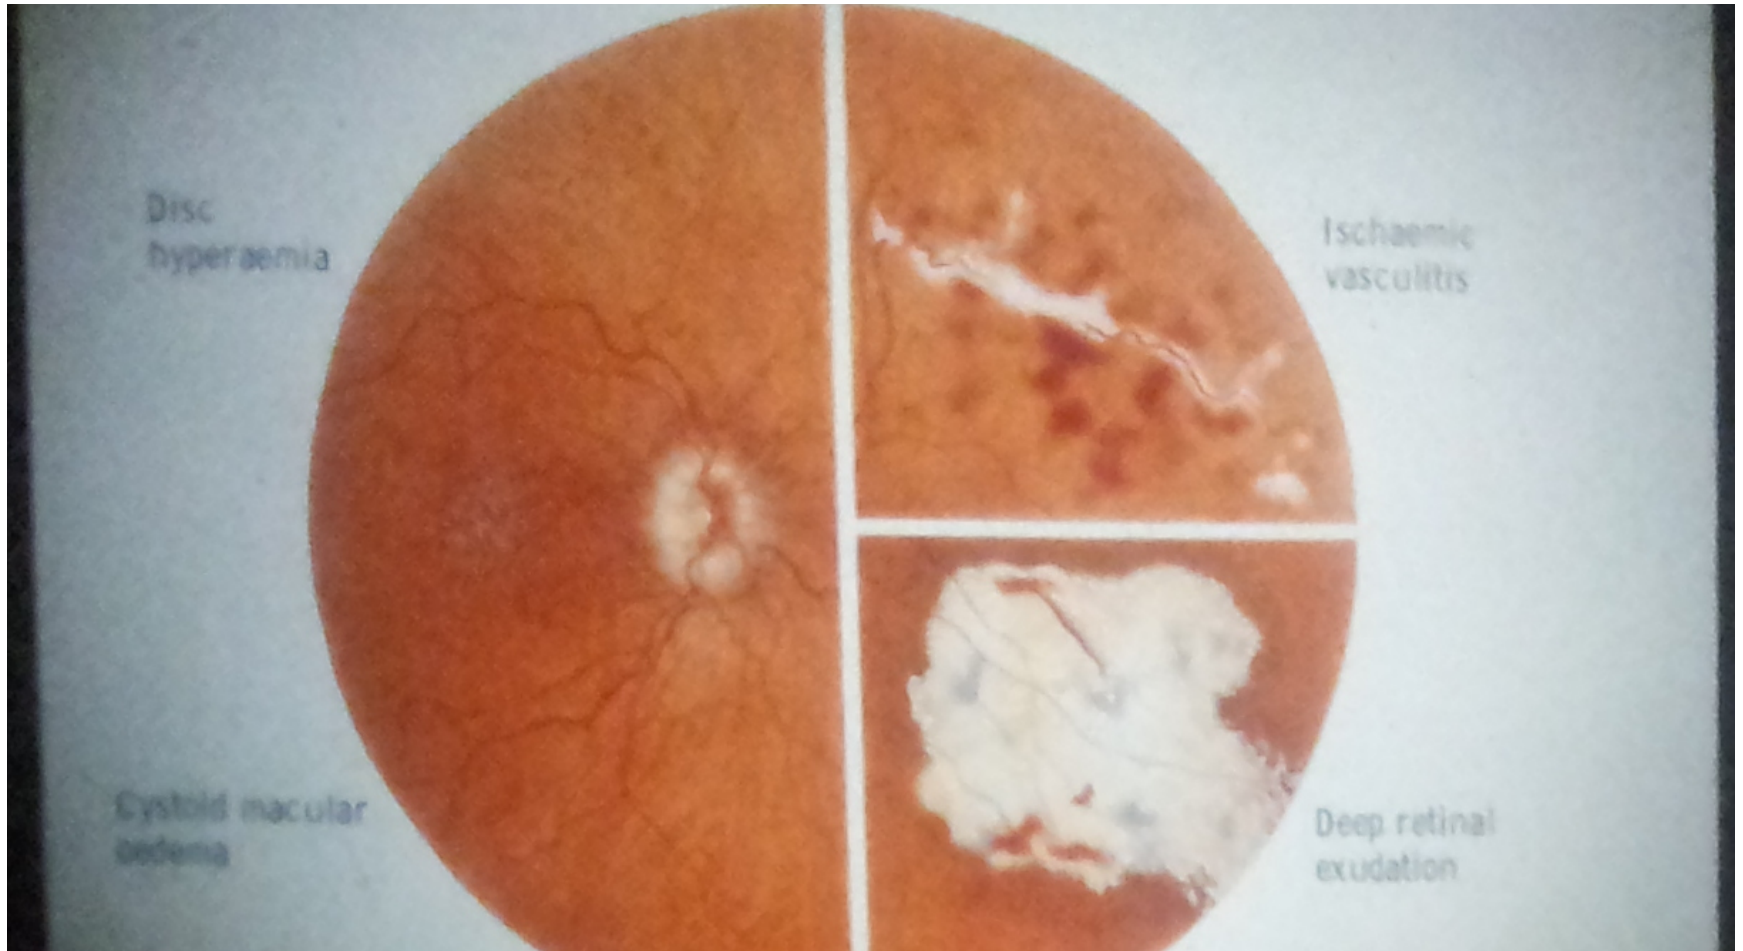

Behcet's disease

Hypopia (pus collection)

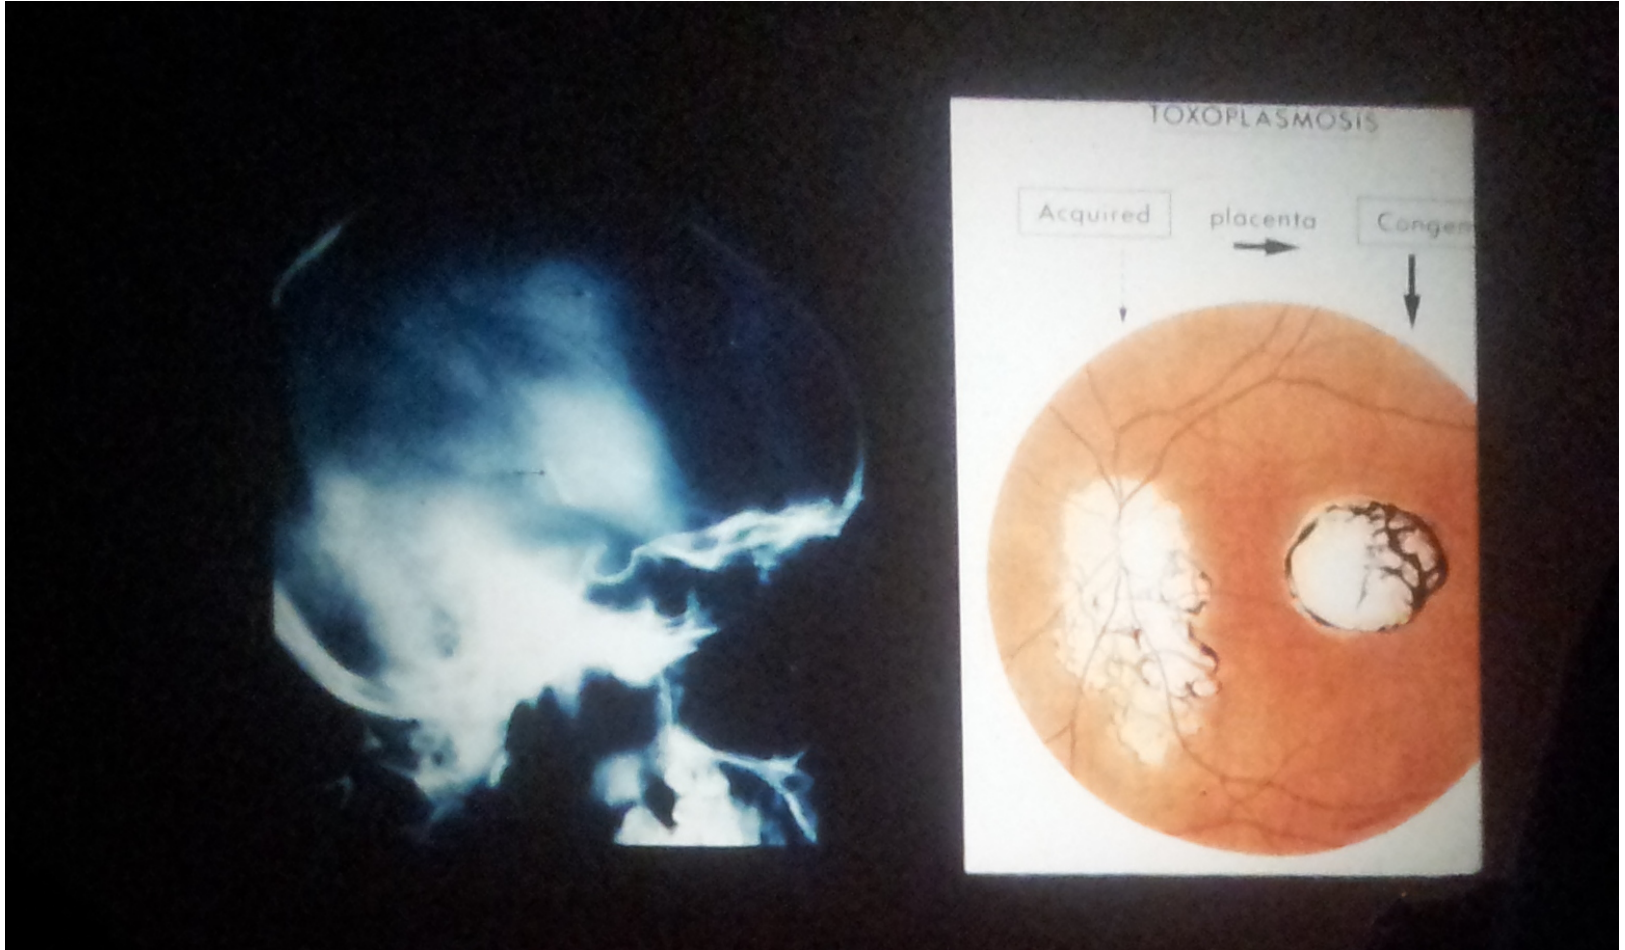

Behcet's disease

Vasculitis and hemorrhage

TOXOPLASMOSIS
